

Notification to Fishermen

Nord Stream 2 Project

31.01.2020

1. Purpose of this notification

Nord Stream 2 AG hereby submits a notification for the activities to be performed for the Nord Stream 2 Project in February 2020.

In February, rock placement is the only project activity to take place along the pipeline route in Swedish and Finnish waters.

Nord Stream 2 AG reminds that the construction vessels have limited manoeuvrability while performing their work and that safety exclusion zones are therefore established around the vessels carrying out the Nord Stream 2 activities.

2. Planned Vessels

Rock placement along the pipeline route in Finland and Sweden

Rockpiper – Call sign: 5BML3

Nordnes – Call sign: PHOG

3. Duration and locations of activities

In February, **rock placement** will be the only Nord Stream 2 construction activity. *Rockpiper* is planned to be deployed in Finland and Sweden, *Nordnes* and *Stornes* in Finland. Rock is planned to be loaded in Inkoo and Kotka in Finland.

The maps below illustrate the planned February activities. Please note that these details are subject to change for operational reasons.

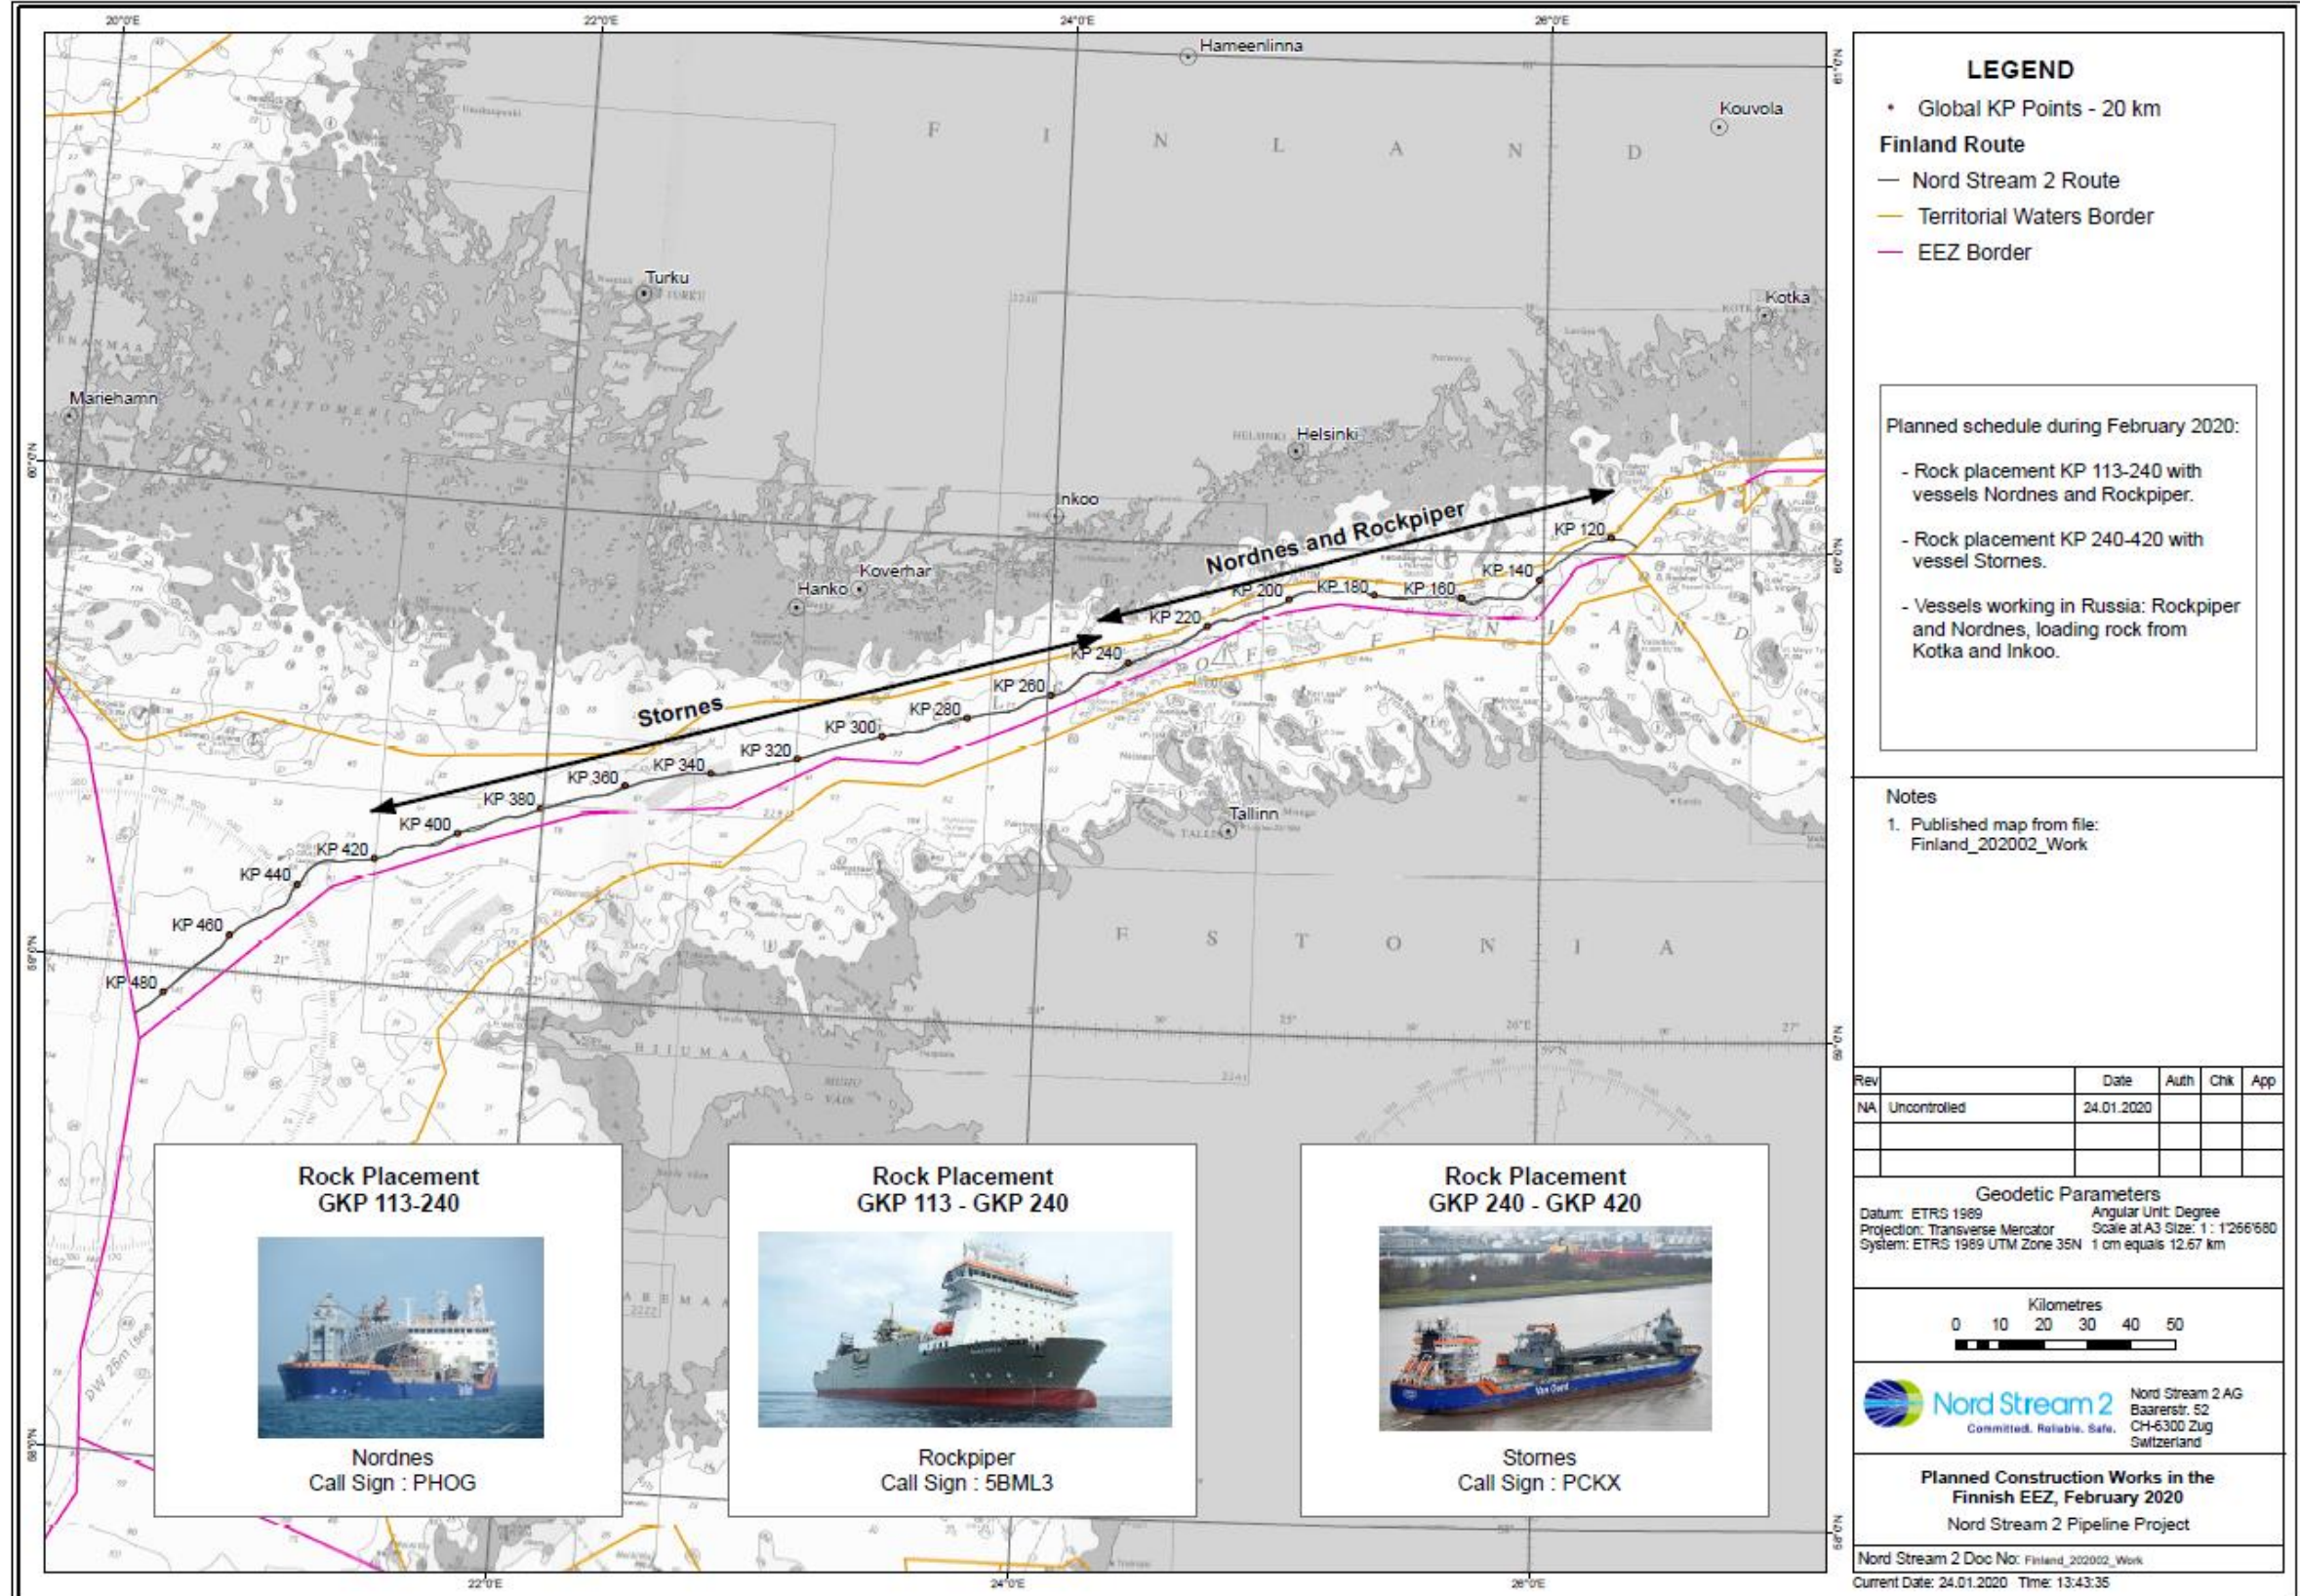

Figure 1: Nord Stream 2 rock placement activities in February in the Finnish EEZ.

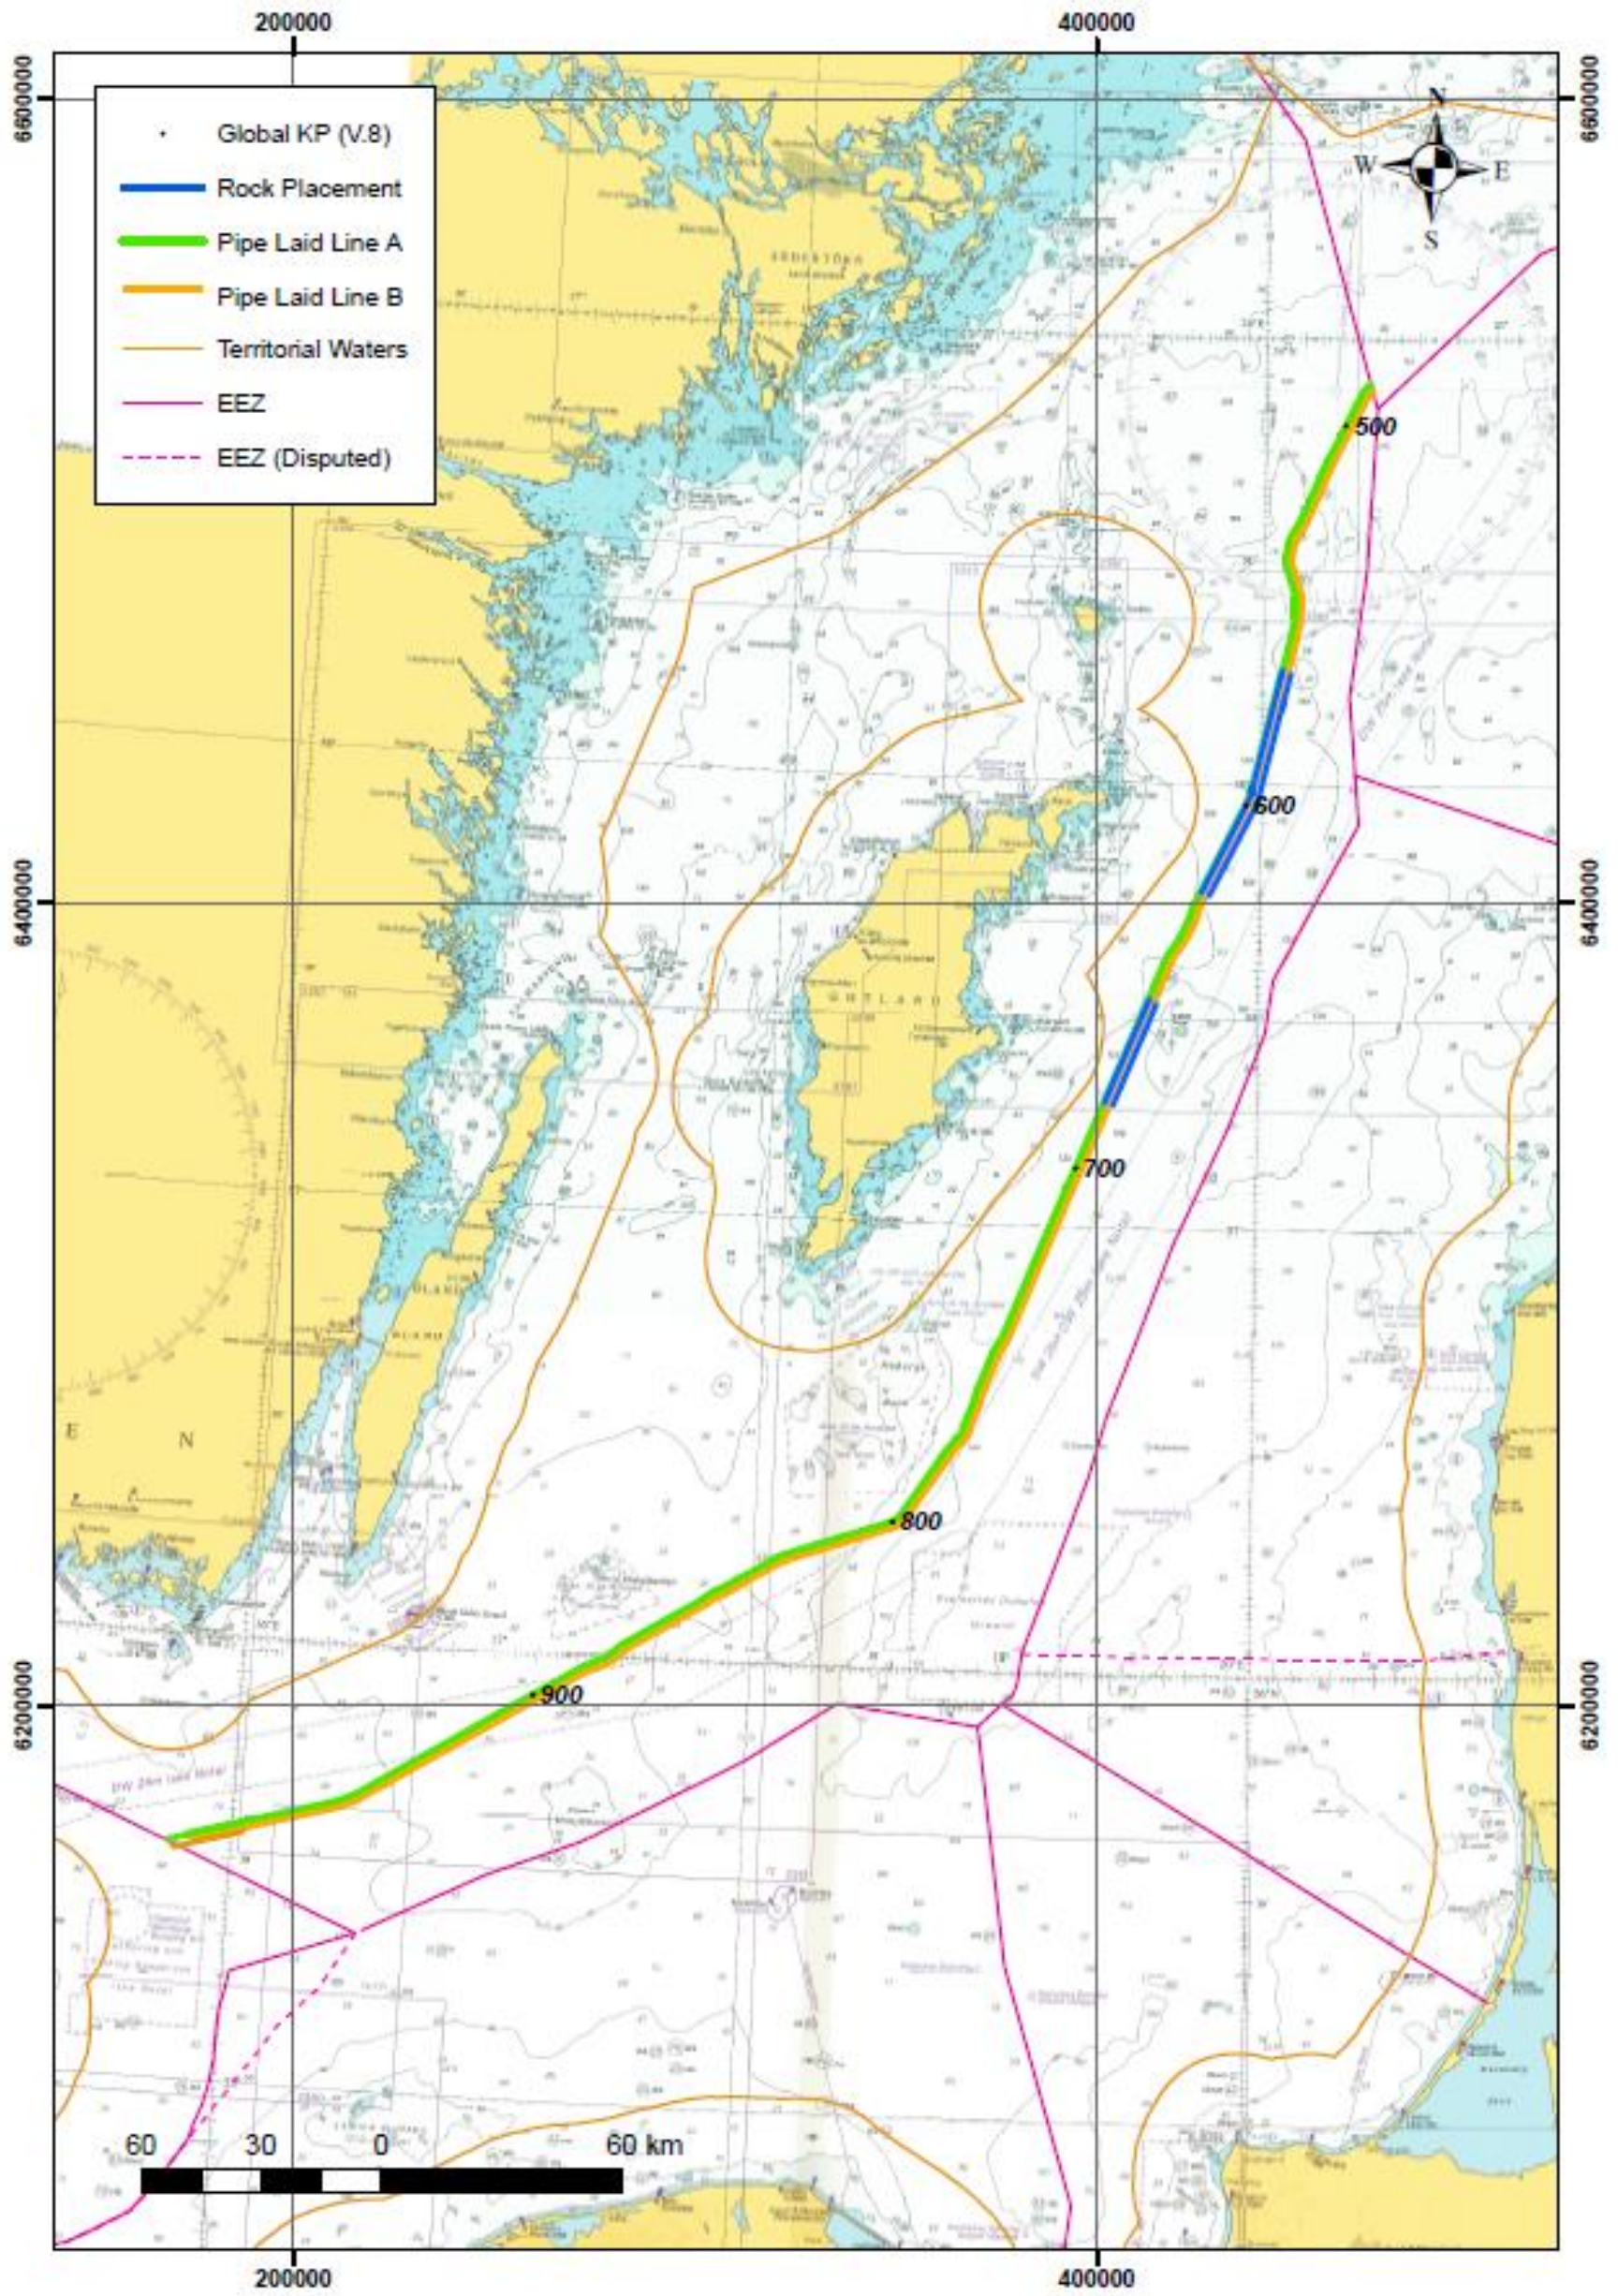

Figure 2: Nord Stream 2 rock placement activities in February in the Swedish EEZ

4. Exclusion Zones

Nord Stream 2 AG would like to highlight that a safety zone of 500 meters is established around the vessels performing rock placement activities for Nord Stream 2 Project.

Information about the works to be performed in the upcoming weeks, can also be found on the Notices to Mariners web-pages, available at:
